COVID-19 Stakeholder Update / 04.06.20

This is the Ministry of Justice's regular stakeholder communications update service. This is intended to signpost the latest Covid-19 guidance and central government updates.

We encourage organisations to share these updates with your wider networks to ensure a wide circulation of important communications. For monitoring and evaluation purposes, we'd gratefully receive information on who you are sharing this with.

We would also find it helpful to know about your own communications plans and any intel that will help inform our communications moving forwards. Please do get in touch at stakeholder.intel@justice.gov.uk.

- We have robust and flexible plans to ensure we can continue to deliver key services across the justice system.
- [Independent public health monitoring](#) suggests the steps we have taken are successfully limiting deaths and the transmission of coronavirus in prisons. Those measures include restricted regimes and social distancing within prisons, the early release of low-risk offenders approaching their release date, creating more space with temporary cells and the re-opening of a formerly closed prison at Medway.
- Our priority is to make sure we can keep everyone in courts safe. A limited number of Crown Courts have now, with approval from Public Health England and Public Health Wales, begun the resumption of jury trials.

HMPPS

Prisons and probation services have implemented significant changes to comply with the Government's social distancing rules and to protect staff and service users. The service has been working closely with public health experts, as well as criminal justice partners, to ensure that robust contingency plans are in place and immediate action can be taken wherever cases are identified. The following page will continue to be updated when new advice is available: <https://www.gov.uk/guidance/coronavirus-covid-19-and-prisons>

As of 17:00 on Wednesday 3 June:

- 479 prisoners have tested positive for COVID-19 across 79 prisons;
- 944 prison staff have tested positive for COVID-19 across 105 prisons;
- 26 Prisoner Escort and Custody Services (PECS) staff have tested positive for COVID-19.

These figures reflect the total number of recorded positive cases – not the number of live cases – of COVID-19, and includes individuals that have recovered. Figures are interim and are subject to revision as more information becomes available.

HMCTS

During this unprecedented public health emergency, we are adjusting practices and taking steps to minimise the risk to the judiciary, court staff and users. Any changes to individual hearings will be communicated directly to those affected in the usual way, by email and/or phone. The following page will continue to be updated when new advice is available: <https://www.gov.uk/guidance/coronavirus-covid-19-courts-and-tribunals-planning-and-preparation>
