**We encourage organisations to share these updates with your wider networks to ensure a wide circulation of important communications. For monitoring and evaluation purposes, we'd gratefully receive information on who you are sharing this with.**

- [We have robust and flexible plans to ensure we can continue to deliver key services across the justice system.](#)
- A network of priority courts will remain open during the coronavirus pandemic to make sure the justice system continues to operate effectively.
- Selected lower-risk offenders, within weeks of their release dates, and pregnant women in custody who do not pose a high risk of harm to the public will be temporarily released from prison. Additionally, works have begun to deliver 500 temporary, single occupancy units at seven jails. This will increase space in prisons and limit the spread of Coronavirus helping protect staff, prisoners and the NHS.
