COVID-19 Stakeholder Update / 09.05.20

This is the Ministry of Justice's regular stakeholder communications update service. This is intended to signpost the latest Covid-19 guidance and central government updates.

We encourage organisations to share these updates with your wider networks to ensure a wide circulation of important communications. For monitoring and evaluation purposes, we'd gratefully receive information on who you are sharing this with.

We would also find it helpful to know about your own communications plans and any intel that will help inform our communications moving forwards. Please do get in touch at stakeholder.intel@justice.gov.uk.

- We have robust and flexible plans to ensure we can continue to deliver key services across the justice system.
- [Independent public health monitoring](#) suggests the steps we have taken are successfully limiting deaths and the transmission of coronavirus in prisons. These actions helped to create space allowing jails to implement 'compartmentalisation', meaning staff have isolated those prisoners with symptoms, shielded the vulnerable and quarantined new arrivals. Consideration can now be given to [how these restrictions can be cautiously rolled back](#) over the coming weeks and months.
- We're focussed on maximising our capacity to reduce the growth and volume of our outstanding work. We are working closely with the judiciary to further expand remote audio and video hearings; and ensuring that we can reopen our estate for more face to face hearings as soon as it is safe to do so.

HMCTS

HMCTS announced yesterday it will expand face-to-face hearings to 16 more court and tribunal buildings across England and Wales this week. HMCTS has published this list in a press notice, which also includes plans to identify suitable venues to house so-called 'Nightingale' courts: <https://www.gov.uk/government/news/more-face-to-face-hearings-as-courts-reopen>

During this unprecedented public health emergency, we are adjusting practices and taking steps to minimise the risk to the judiciary, court staff and users. Any changes to individual hearings will be communicated directly to those affected in the usual way, by email and/or phone. The following page will continue to be updated when new advice is available: <https://www.gov.uk/guidance/coronavirus-covid-19-courts-and-tribunals-planning-and-preparation>

HMPPS

Prisons and probation services have implemented significant changes to comply with the Government's social distancing rules and to protect staff and service users. The service has been working closely with public health experts, as well as criminal justice partners, to ensure that robust contingency plans are in place and immediate action can be taken wherever cases are identified. The following page will continue to be updated when new advice is available: <https://www.gov.uk/guidance/coronavirus-covid-19-and-prisons>

As of 17:00 on MONDAY 8 June:

- 486 prisoners have tested positive for COVID-19 across 80 prisons;
- 956 prison staff have tested positive for COVID-19 across 105 prisons;
- 26 Prisoner Escort and Custody Services (PECS) staff have tested positive for COVID-19.

These figures reflect the total number of recorded positive cases – not the number of live cases – of COVID-19, and includes individuals that have recovered. Figures are interim and are subject to revision as more information becomes available.
